

"MY REPORT OF PROGRESS"

Please take a moment to write out your thoughts on your progress, your changes or even the miracles that you have had or seen while participating in chiropractic care.

When I started coming to see Dr. Rena I had many problems related to my diagnosis of Multiple Sclerosis. I now ambulate unaided, have regained bladder and bowel control, am free from numbness and tingling in my limbs and the last MRI showed no evidence of M.S. in my spine or brain. I have only done Chiropractic and taken an antidepressant for the past 3 yrs. That drug is my last artificial need to be rid of.

I am very grateful for the day I was made aware of the benefits of Chiropractic care. It has truly been a miracle in my life.
